BIOL 1500: Cell Biology

Winter 2027 - Dr. Priya Lindqvist - Lakeshore University

Laboratory work

There are two formal lab reports, each worth 10% of your final grade. The first lab report is due on Thursday, February 4, 2027 at 5:00 pm, and the second lab report is due on Thursday, March 11, 2027 at 5:00 pm. Reports are submitted online.

Tests

A midterm test worth 20% will be written in class on Monday, February 22, 2027. It covers material from weeks 1 to 6. The final examination, worth 40%, will be held during the April examination period; the date will be announced by the Registrar.

Group work and participation

Each group gives a short presentation in class on Wednesday, March 31, 2027. The presentation is worth 15% of the final grade. Participation in tutorials counts for the remaining 5% and is assessed throughout the term.

Readings

Weekly readings are listed on the course site. Readings are not graded, but you will need them for the tests.
